SCIENTIFIC PROGRAM

13 October | (Pre-Conference Wet Labs) 2021 | Watany Eye Hospital

14-15 OCTOBER 2021

On behalf of the teams of Watany Eye Hospital (WEH) and Watany Research and Development Center (WRDC), I would like to welcome you to the 10th edition of the Watany Ophthalmology Summit; WOS2021, an exciting and challenging edition of one of the leading ophthalmology meeting series in Egypt, focusing on research, training and innovation.

This year we celebrate the 20th anniversary of Watany Eye Hospital in collaboration with eminent entities such as the American University in Cairo (AUC) and the Association of Research in Vision and Ophthalmology (ARVO-Egypt). This year's meeting is along 3 days of outstanding scientific content, starting on the 13th of October 2021, with surgical skill courses on phacoemulsification and glaucoma conducted form the new and fully equipped Watany Education and Research Lounge, part of the Watany Eye Hospital, main branch. On 14 & 15 October meeting is featuring more than 40 sessions and stations presenting the latest knowledge in almost all disciplines of ophthalmology including, management, research and nursing.

In this difficult time of the world pandemic, we fully understand the challenges of conducting a safe scientific event, our team is strictly committed to all the international measures of COVID-19 protection for your safety.

We wish you all a pleasant and safe scientific and social experience during the WOS2021.

Chairman of Al Watany Eye Hospital

Dr. Fathy Fawzy Morkos. FRCOphth. FRCS (Glasg.)

Fathy Fawzy

About WATANY EYE HOSPITAL (WEH)

Built on 2,336m2 on the outskirts of Cairo and at the joint route between the city and its newest suburbs, our new premises boasts 10 operation theatres, femtosecond laser machines in 2 refractive suites, 16 fully equipped examination rooms and full investigative tools in a state-of-the-art eight-storey building

Since its establishment in 2001 by Prof Riad Fikry, Prof Fathy Fawzy and Prof Abdallah Hassouna, Al Watany Eye Hospital has taken solid steps into establishing itself as one of the most trusted medical service providers in ophthalmology. In our dedication to excellence, we have successfully stepped into today's high-tech culture by establishing paperless operating system.

Our homegrown electronic health records system encompasses outflow control across the hospital facilities and financial services as it integrates with clinical and affiliate remote service centers.

With two hospitals in Cairo and one center in Aswan, we established a comprehensive ophthalmology health care system.

Message of the Hospital

We provide one of the most distinct specialized high quality medical service in Ophthalmology. Additionally, Research services and training programs for young ophthalmologists and staff are being applied to improve the quality of the provided service.

Vision of the Hospital

We goal for being one of the leaders in the scientific research and providing talented young ophthalmologists respecting the ethics of the profession to serve our country and anyone in need.

Values of the Hospital

- Harnessing all human and technical resources for serving patients.
- Achieving the optimum level of medical service and having distinct performance.
- Being honest with our patient regarding his/her health status.
- Creating a spirit of co-operation and affiliation amid patients, employees and doctors.

Speakers Instructions

Congress halls will be equipped with:

Two laptops: one Apple Mac & one PC with Microsoft Windows 8 and Microsoft Office 2013.

Internet access will NOT be available inside the meeting rooms.

To ensure that the meeting progresses smoothly, please stick to the following instructions:

- All presentations should be recorded on a USB flash memory (preferred).
- Please save presentations in PowerPoint 2007 or later format for PC & Keynote for Apple.
- Upload your presentation early to the Audiovisual Center (RM Events) as we will load the presentations to the hard drive of our systems before the sessions by one hour.
- No personal laptops are permitted for presentations.
- In case you have problems with your presentation(s), please do not hesitate to contact the IT support team (RM Events).

Surgical Skills Courses:

WEDNESDAY

13 OCTOBER 2021

Venue:

Watany Education and Research Lounge at Watany Eye Hospital (WEH) Main Hospital (Pre-registration is required due to limited availability)

Morning Course: Phacoemulsification Course

Part A: Theoretical background
Part B: Wet-Lab training

Evening Course: Glaucoma Course

Part A: Theoretical background Part B: Wet-Lab training

14 OCTOBER 2021

08:30 - 15:00 Registration

09:00 - 10:00 Session (1): Master Class in Cataract Surgery		
Moderator:	Ramy Riad	Powered by:
09:00 - 09:20	IOL exchange: A guide to unusual cases Abdallah Hassouna	Alcon
09:20 - 09:40	Tailoring IOP during phaco Khaled Abd El Rahman	
09:40 - 10:00	Extreme Phaco challenges Yehia Salah	

14 OCTOBER 2021

10:00 - 11:00	Session (2):	Experts' Tweaks for Successful Procedures and
		the Know-how of Patient Selection

Moderator:	Nader Fawzy
10:00 - 10:05	Introduction Nader Fawzy
	Pearls and preferred technique for:
10:05 - 10:15	1. PRK Ahmed El Massry
10:15 - 10:25	2. Femto-LASIK Mohamed El-Kateb
10:25 - 10:35	3. Femto-SMILE: Ahmed Sedky
10:35 - 11:00	Patient Selection and the role of pentacam; Case based Scenarios:

11:00 - 11:30 Coffee Break

14OCTOBER
2021

WOS 2021 Opening and Welcome By Dr. Fathy Fawzy

11:30 - 13:30 Session (3): HC Management by

AUC School of Business - Executive Education

Moderators: Heba Barakat, Sylvia Louka

11:30 - 12:30 Hospital Management - Future Paradigm

Mahmoud El Damaty

An introduction to hospital management concepts and aims; defining and explaining the functions, roles and skills of hospital managers and discussing the futuristic perspectives of the managers' career.

Points to be covered:

- · Why hospital management matters?
- · What is hospital management?
- Managers & leaders
- Manager's functions
- Manager's roles including negotiation
- Manager's skills
- Managers career development

Session (3): HC Management by
AUC School of Business - Executive Education (Continued)

12:30 - 13:30 Healthcare Quality: Facts Only Ahmed Safwat

An introduction to healthcare quality concepts and aims; defining and explaining its role in healthcare systems, Understanding healthcare quality strategies & accreditation.

Points to be covered:

- · What is healthcare quality?
- · Where does it fit within the care?
- · Healthcare quality and the organization culture
- · Clinical quality versus Healthcare quality
- · Measuring healthcare quality
- · Accreditation... Is it a tool or a goal?
- Is it worth learning and practicing healthcare quality?

15 OCTOBER 2021

10:00 - 11:00 Station 1.1: IOL Calculation

Moderator: Sherine Shafik

- A journey between old and new biometric formulas Sherine Shafik
- Dilemmas in IOL calculation in high myope Asmaa Sallam
- Challenge in Toric IOLs calculation Amany Aly
- Biometry in KC and post LASIK:
 - 1) Tomographic confirmation Nermine Ragab
- 2) How to calculate Maged Maher

11:00 - 12:00 Station 1.2: Pentacam

Moderator: Maged Maher

- Settings and Displays Sally Saad
- Diagnostic Indices: curvature, pachymetric and elevation Maged Maher
- Application in Refractive Surgery Amira Maurice
- Application in Keratoconus Nevein Fathy
- > Pediatric Pentacam
 Ahmed Osama

т

13:00 - 14:00 Station 1.3: Clinical Applications of Anterior Segment OCT

Speakers: Amira Maurice, Nagwa Soliman, Mira Adel, Faris Ishak

The session will be covering different indications of AS OCT including:

- Cases of refractive surgery, dry eye and keratoconus with special focus on epithelium map
- · Cases of corneal opacities to plan management according to depth of the opacity
- Corneal dystrophies
- Post keratoplasty follow-up and DM assessment
- · Followed by interesting case presentations

14:00 - 15:00 Station 1.4: Mistakes During the Learning Curve of Keratoplasty

Moderator: Michael Sami

Speakers: Omar Said, Rasha Moussa, Michael Sami, Sherif Hosny

Addressing beginners' mistakes from selecting the patient, timing of the surgery, graft selection, anesthesia throughout all steps of the surgery using comparison videos between wrong and right actions in every step.

15 OCTOBER

16:00 - 17:00 Station 1.5: Difficult Cornea in 10 Minutes

Moderator: Sherif Hosny

- Update on the management of fungal keratitis Fouad El Sayed
- Pre-Descemetocele & Descematocele Mahmoud Ismail
- DALK in uncommon corneal ectasias Mohamed Bahgat
- Corneal emphysema in lamellar corneal surgery Tamer El Raggal
- When femto AK backfires Moemen Seliet
- How to fix an IOL in combined keratoplasty Sherif Hosny

Powered by:

17:00 - 18:00 Station 1.6: All you Need to Know About Glaucoma in 1 Hour

Speaker: Tarek Sharaawy

In this station world-class expert Dr. Tarek Sharaawy will guide you through his didactic approach to proper diagnosis and management of a wide diversity of everyday glaucoma cases.

STATION 5

15 OCTOBER 2021

10:00 - 11:00 Station 6.1: Research Paper Writing

Speaker: Rania Serag

Day in and day out, you examine patients and perform surgeries. Along the way, how nice it is to share in the scientific community by documenting your work and efforts in the form of internationally-published manuscripts! The know-how of manuscript drafting and the encountered challenges will hopefully be addressed in this session

11:00 - 12:00 Station 6.2: Essential Medical Statistics

Speaker: Mostafa Mohamed

This interactive introductory lecture is designed for researchers to provide them with the basic statistical knowledge and skills. During the course of the lecture participants will gain experience in areas such as data entry and statistical plan design

13:00 - 14:00 Station 6.3: Editor Prospective in Ophthalmic Publications

Speaker: Ahmed Awadin

This station presents the prospect of Dr. Awadin as a member of the editorial board of several international journals to the points of weakness and strength that influences the acceptance of papers in top ranked ophthalmic journals

14:00 - 15:00 Station 6.4: Executive Management (Invitation Only Station)

Moderators: Magda Abdel Malak, Sylvia Louka

16:00 - 17:00 Station 6.5: The Use of Quality Standards in Controlling and Solving Ophthalmological Clinical and Managerial Problems (Real Approach)

Moderators: Fady Fahim, Michael Medhat

Speaker: Mohamed Khalaf

Quality is not paper work, It's everyone job. We will demonstrate some real life clinical and managerial problems and how they were discovered and solved by quality approaches

17:00 - 18:00 Station 6.6: Stop! Don't Begin the Surgery (Session Conducted in Arabic)

Moderators: Fady Fahim, Michael Medhat

Speakers: Neveen Roshdy, Samar Yacoub, Rehab Abd Elrasoul

- > Introduction
- > Incidence
- Sample event
- Risk behavior in the OR
- Impact of WSPEs (worng site, procedure, patient errors)
- Factors contributing to failures
- Objective of safe surgery
- How to avoid (checklist and roles of each member)
